

SACHIN S. S

Aspiring Software Engineer

+91 8754667430 | sachinsornalatha13@gmail.com | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Aspiring Software Engineer with hands-on experience in front-end and back-end web development, IoT solutions, and data analytics. Skilled in building and deploying full-stack projects, competitive programming, and applying machine learning to real-world problems. Strong communicator with a track record of self-driven learning, teamwork, and consistent performance under pressure.

EDUCATION

B.E. in Computer Science and Engineering (IoT) — Sri Krishna College of Technology, Coimbatore, India

Expected Graduation: 2025 | CGPA: 7.78

Higher Secondary School — Global Pathways MHSS | 2023

SKILLS

Programming Languages: Java (Advanced), C++ (Intermediate), Python (Elementary)

Web Development: Front-end & Back-end Development, API Implementation, UI/UX Design

Data & Tools: Data Analysis (Microsoft Power BI), MERN Stack, Git/GitHub

Other: Digital Video Editing, Problem-Solving, Teamwork & Collaboration, Multitasking

PROJECTS & COMPETITIONS

Shield-AI: Real-Time Phishing Detection | Python, FastAPI, Machine Learning, Chrome Extension API, Figma

- Designed a high-fidelity Chrome Extension and backend ecosystem using Python and FastAPI, driving the security application from ML concept to execution.
- Led the ML development workflow, training a Random Forest model on 30+ unique URL features and architecting the real-time safety alert interface.
- Strengthened problem-solving methodologies by isolating edge-case false positives, building a custom whitelist subsystem, and structuring the repo for open-source collaboration.

MoviesFlix App Prototype | Figma

- Designed a Netflix-inspired app prototype with team Solo Arisers; led UI/UX design across multiple pages, strengthening design thinking and prototyping skills.

WORK EXPERIENCE

Web Designing and Development Intern — Weox Technologies, Coimbatore

May 2025 – Jun 2025

- Worked on real-world web design and development projects, gaining practical experience with front-end and back-end tools and best practices.
- Demonstrated excellent communication and self-driven learning.

CERTIFICATIONS & ACHIEVEMENTS

- Solved 550+ LeetCode problems and 50+ SQL challenges
- MERN Traineeship & Data Analytics with MERN Certification — Maiyyam
- Raspberry Pi & Node-RED IoT Workshop — IIT Chennai | IIT Workshop on Raspberry Pi
- PROROVER Workshop & Robotics and IoT Workshop — PROBE'24, NIT Trichy
- "Wheels on Bot" — Value-added course on building an Arduino line-following robot
